FINAL PLAT - RYEHILL SECTION FIVE

Consideration of and action on the Ryehill Section Five Final Plat.

Recommended Action:

Staff Recommends Approval of the Ryehill Section Five Final Plat.

Executive Summary:

The Final Plat consists of 32.24 acres and includes 114 single-family lots, 2 reserves, and 5 blocks. This property is part of the Ryehill Development and is located in the City's ETJ, south of FM 2759 and east of FM 762. Access will be provided via Ryehill Parkway from Lazy Daisy Lane.

The 30-foot drill site access easement (F.B.C.C.F. NO. 2024001915) has been partially abandoned by an Abandonment of Easements recorded under F.B.C.C.F. NO. 2025084765 and included in Master Note #42 on the plat.

This Final Plat complies with the Pulte (Ryehill) Development Agreement in terms of lot sizes, lot widths, lot depths, building lines, and other development standards outlined in the agreement. It is also consistent with the General Plan (Exhibit B of the Development Agreement – amended 1/15/25) and meets the Subdivision Regulations in Chapter 5 of the Development Code.

The Preliminary Plat was unanimously approved, with no conditions, by the Planning and Zoning Commission at their July 8, 2025, meeting. A preliminary plat extension was granted by the Planning and Zoning Commission at their June 25, 2026, meeting.

Planning & Zoning Commission- Quick Reference Guide for Platting Compliance – 2024

In accordance with requirements from TX HB 3167 adopted 2019 and updated Chapter 5 (Subdivision Regulations) of Development Code from Ordinance No. 2187 (2020)

STATE LAW ESSENTIALS FOR PLATTING

- **State Law does not prescribe specifics for preliminary plats, but must be processed within timeframes and the shot clock of Final Plats as of September of 2019**
- **Elements required for Final Plats / Replats in State Law**
 - **Plat must accurately describe a piece of property with measurements / dimensions**
 - **Plats must be tied to a point of beginning and within a survey section of land**
 - **Final Plats must be prepared by a Registered Professional Land Surveyor (RPLS)**
 - **Final Plats must be prepared in a manner for recordation which includes notarized signatures of owners**
- **Municipal and County Governments then prescribe specifics for content of plats including text and graphic requirements through authority granted under State Law. The City of Sugar Land's primary documents for specifics on platting are Chapter 5 (Subdivision Regulations) of the Development Code, and the code-authorized Development Application Handbook.**

EXPLANATION/HOW TO USE PRELIMINARY PLAT AND FINAL PLAT GUIDE TABLES-

The following tables for Preliminary Plat and Final Plat review have been prepared for plat decision-making by the Commission. The tables are to assist Commissioners with specific references to City documents for plat approval with conditions or denial with reasons, as per State Law TX HB 3167. These tables are not intended to replace the Development Code or the Development Application Handbook, but are to provide a general guide for a Commissioner reviewing plat documents and making motions.

Example-

For a motion to approve a preliminary plat where the Commission noted an element missing such as the Point of Beginning (POB), a condition for approval could then be cited as follows- "Missing Point of Beginning- as required by the Development Application Handbook". For an error of needing a call-out for a dimension on a plat, this could be stated as "Missing Call-out for Lot- as required by Development Code Chapter 5".

It is important to note that the Sugar Land Planning & Zoning Commission typically states what items (if any) need to be corrected as conditions for approval of a plat, or in rare cases when a plat is denied, the statement of the issue / issues. When stating those items of conditions or reasons on the record, the new state law changes will simply require a document reference. The primary purpose of State Law on identifying requirements (conditions) for plat approval and reasons for plat denials is to ensure that there are no arbitrary or preferential requirements being placed on platting by the approval authorities. Over time, this guide may be expanded as appropriate, to assist with a variety of platting situations. While the goal of City staff is to reference all plat issues with the applicant and have them make corrections to the documents or point out the issues, there will be times where unexpected issues arise that may warrant conditions, or in a rare case, may require denial with specific reasons. City Staff will also be available to assist prior to plat motions as to specific references.
